

TOGETHER AGAINST SCHOOL VIOLENCE

THE OFFICIAL 1^o NEWSLETTER OF THE
KA201 STRATEGIC PARTNERSHIPS FOR SCHOOL EDUCATION

Together Against School Violence project started in October 2019. It is a cooperation between "Tsani Ginchev" Primary school (Bulgaria), "Filiz" primary, secondary and high school (Turkey), Mine Vaganti NGO (MVNGO) (Italy) and Association "Krav Maga Survival Bulgaria" (KMS). All the partners are experienced in their field and will contribute to the successful development and implementation of the project activities. The aim of the project is to offer effective tools and measures for the formation of a set of knowledge - skills, and competences of primary school teachers for the prevention and intervention of aggression and violence at school. It aims to address the problem of violence in all its forms that violate the educational process and the personal development of the students. In order to reach the aim, the partners consider of great importance the understanding of aggression and violence (as reasons, factors, types of expression, appropriate reaction) and thus one of the most important tasks of the project is to offer improvement of the theoretical preparedness and individual readiness of the teachers to respond to possible situations of aggression and violence. The project will host 4 transnational meetings - one in Bulgaria and Turkey and two in Italy. As intellectual products will be made Methodological guidelines for pedagogues for dealing with aggression and violence and Book for children "Against aggression".
